

SEE-IN STORAGE CONTAINERS

Thank you for your interest in our patented line of Ammo Buddy® Clamtainers®! The patented Click It® Closure design is easy to open, yet if you drop a Clamtainer full of ammo, it will not accidentally open.

Use this "Ammo Buddy Reference Guide" to see what Ammo Buddy's we offer and examples of the calibers that will fit within each option. It's impossible to list all the calibers, but others may still fit if they are close enough dimensionally to our caliber specific Clamtainers. Contact us with caliber fitment questions.
